Numb. 9310.

The London Gazette.

Published by Authority.

From Tuesday October 9, to Saturday October 13, 1753.

Naples, September 11.

M. Tanucci, his Majesty's late Advocate-General and Counsellor to the Vice-Roy of Sicily, having, by the King's Committee, been honourably acquitted of the Charges alledged against him, has, by the King's Orders, been restored to his Post of one of the Counsellors of the Royal Chamber, (from which he was for some Time suspended) and that his Arrears, Appointments, and Fees, should be paid to him. On the 7th Instant we had a violent Shower of Rain, followed by Thunder and Lightning, which occasioned great Damage in the Country. On the 8th their Majesties with the Royal Family went to visit the Church of Notre Dame di Pie di Grotta, a usual yearly Devotion; on which Occasion six Regiments of Foot, and four of Horse, were distributed along Chiaia.

Lisbon, Sept. 11. The Fleet, which was expected from the Bay of Tous les Saints, is arrived in very good Condition in the Mouth of the Tagus: It consists of 31 Ships, on Board of which there are two Millions and a half of Crusades, as well on Account of the King, as for that of private Persons; besides a very valuable Cargo of Merchandize.

Rome, Sept. 15. Last Week Cardinal Portocarrero had a long private Audience of the Pope, to communicate to him the Commissions he was charged with from the Court of Spain. On the 7th Instant Bali Solari, the Maltese Minister, sent back to Malta the Packet Boat, with the Pope's Answer to the Dispatches he had received from the Grand Master. On the 10th the said Minister had a long Audience of the Pope, and a Conference with the Secretary of State. By the last Courier from Turin, Notice came to the Datery of the Decease of the Bishops of Mondovit and Vigevano, both in the Gift of the King of Sardinia. The Promotion of Cardinals, which was expected would be made towards the latter End of this Month, is now said to be put off to Christmas. On the 14th M. Foacier, jun. one of the French Farmers, returned here from Vienna, after having obtained the Emperor's Consent and Approbation for the Payment of 120,000 Livres to his Associates, in full of all Claims and Demands which they had made in their Administration for nine Years last past, of the Publick Revenues of Tuscany.

Florence, Sept. 21. Though Count Richecourt has held daily Conferences with the other Members of the Regency, yet nothing has been put into Execution with Regard to the many new Plans, which it was supposed that Minister had brought from Vienna. The first to take Place was the Military Regulation, by which the Emperor has order'd all the Militia Troops, consisting of three Regiments of Foot, and one of Cuirassiers, to be broke, allowing only to the Colonels and Captains Half-Pay, from the 1st of next Month, which is the Time fixt for this Regulation to take Place. The Lorrain Regiment of Guards is to be no longer upon that Foot, but to be called, for the Future, the First Tuscan Regiment; the Pay of the Officers is not to be reduced so long as they remain in their present Rank, but they are to receive the Overplus as a Pension, which is to cease on their being advanced; so that they, as well as others who shall enter into the Regiment for the Future, are to be on the same Foot as the other Regiment, which is now to be called the Second Tuscan Regiment, of both which the Staff Officers are not to have Companies. The Battalion of Marines, consisting of 500 Men, is to be raised into a Regiment of two Battalions, and is to be called the Third Tuscan Regiment. The Body called the Garde Noble, which originally consisted of 100 Gentlemen, tho' of late the Number has not been kept compleat, is now to be reduced to 40 only. A Regiment of 500 Dragoons is to be raised immediately, that the Emperor, as Great Duke, may be in a Situation, at all Events, to comply with the Engagement which he contracted by acceding to the Treaty of Aranjuez. These are the only Affairs as yet which have been settled since Count Richecourt's Return from Vienna. Many other new Regulations are daily expected with Regard to the Civil Government, as well as Ecclesiastical.

[Price Two-Pence.]

Eccleſiaſtical Affairs, which Baron St. Odil has been ſo long treating at the Court of Rome, from which Place there was not the leaſt News by the laſt Letters; and the Promotion of Cardinals ſtill extremely uncertain.

Madrid, Sept. 24. Yeſterday being the King's Birth-day, the ſame was celebrated with great Magnificence: In the Morning their Majeſties received, as uſual upon this Occaſion, the Compliments of the Nobility, Foreign Miniſters, &c. After which M. de Carvagal, Miniſter of State, gave a grand Entertainment at his Houſe to above forty Perſons; and at Night the new Opera of Semiramis was performed at the Theatre in the Buen Retiro. Their Majeſties, who were preſent at it, were pleaſed to expreſs themſelves highly ſatisfied with the Performers, (ſeveral of whom had never appeared upon this Stage before) as well as with the Decorations, which were very magnificent, and entirely new.

Vienna, Sept. 26. Their Imperial Majeſties, who, ſince the 22d of this Month, have reſided at Hollitſch, where they have taken the Diverſion of Hunting, are expected this Evening to return to Schonbrun. Since the breaking up of the Encampments, which the Imperial Troops had lately form'd, as well in Moravia as in Bohemia, ſeveral Officers of Diſtinction arrive daily in this City. Count d'Uhlefeld, Grand Maſter of the Empreſs's Houſhold, returned hither lately from Bohemia.

Ratisbon, Sept. 26. M. de Pfeil, who has reſided here for ſome Time with the Character of Miniſter from the Duke of Wirtemberg, ſet out laſt Wedneſday on his Return to Stutgard. The Chevalier Follard, Miniſter from France to the Diet of the Empire, is daily expected to arrive here from the Courts of Bareith and Anſpach.

Brunſwick, Sept. 28. The Duke our Sovereign, and the Hereditary Prince his Son, return'd hither laſt Sunday Evening from the Court of Berlin.

Hague, Oct. 7. We learn from Soeſtdyk, that Field Marſhal Duke of Brunſwick Wolfenbuttle, who lately went thither to pay a Viſit to their Royal and Serene Highneſſes, left that Place on the 5th Inſtant, to return to his Government of Bois-le-Duc.

London, March 17, 1753.

General Poſt-Office.

Whereas a Perſon of about Six Feet high, Fifty Years of Age, of a Swarthy Complexion, much pitted with the Small Pox, and wore a darkiſh coloured Coat, and a brown Bob Wig, came laſt Night, about Six of the Clock, to the Shop of Mr. Thomas Harding, Goldſmith, in the Minories, and bought of him a ſtraight bodied Silver Tankard, Weight 25 oz. 18 dwt. with the Letters C. D. marked, by his Deſire, on the Handle thereof; and the ſaid Perſon having given, in Payment, for the ſaid Tankard, a Bank Poſt Bill, which was taken out of the Cirencester Mail, which was robbed on the 18th of April, 1751, and indorſed the ſaid Bank Poſt Bill by the Name of Charles Dove.

This is therefore to give Notice to all Goldſmiths and others, to whom the ſaid Tankard may be offered in Sale, that whoever apprehends, or cauſes to be apprehended the Perſon above deſcribed, who is ſtrongly ſuſpected of having been a Principal, or an Accomplice in the ſaid Robbery, ſhall, upon Conviction, be entitled to a Reward of Two Hundred Pounds, *over and above the Reward given by Act of Parliament for apprehending of Highwaymen.*

By Command of the Poſt-Maſter-General,
George Shelvocke, *Secretary.*

DR. *JAMES*'s Powder for FEVERS, and other Inflammatory Diſtempers, publiſhed by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thouſand Caſes) any continual acute Fever in a few Hours, though attended with Convulſions, Light-headedneſs, and the worſt Symptoms: But if taken in the Beginning of a Fever, one Doſe is generally ſufficient to perform a Cure. *

It is likewiſe a moſt effectual Remedy for all internal Inflammation, Pleuriſies, Quincies, acute Rheumatiſms, and the Lowneſs of Spirits, and Uneaſineſſes proceeding from ſlow and latent Fevers, which are generally miſtaken for Vapours and Hyſterics; and a ſingle Doſe remarkably ſtops the Progreſs of a Cold, and certainly prevents the ill Conſequences ariſing from that very common Diſorder, the Source of almoſt all Diſtempers.

This Powder (which is a very ſafe and pleaſant Medicine to take) is ſold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-againſt the North Door of the Church, at 2 s. 6 d. the two Doſes, with good Allowance to thoſe who buy it for charitable Uſes, or to ſell again; and by James Eſtall, Printer, on the Blind Quay, Dublin.
